

Software Engineering Group5 Video YouTube Channel URL

We have completed numerous gameplay videos to tests to check for any errors in the game. However, due to the 500MB file upload limit on Canvas, we have created a YouTube channel to upload all gameplay videos related to our game, including an abridged mode featuring 180 minutes of AI-versus-AI battles. (The length of this video exceeds the 15 minute limit suggested on discord, as this limit was communicated shortly before submission.)

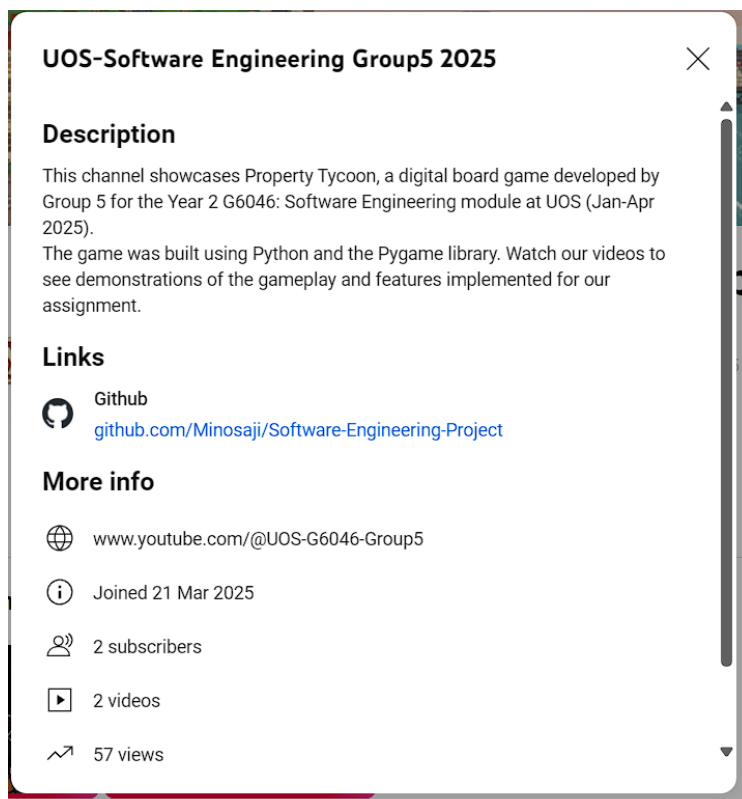

Channel Name: UOS-Software Engineering Group5 2025

Handle: [@UOS-G6046-Group5] <https://www.youtube.com/@UOS-G6046-Group5>

Channel URL: https://www.youtube.com/channel/UCfA_oAs-qoOGMWJ_UueYHng

The screenshot shows the YouTube channel page for 'UOS-Software Engineering Group5 2025'. The channel banner features a colorful illustration of a board game scene with various properties and a beach. The channel name is prominently displayed, along with the handle '@UOS-G6046-Group5', 2 subscribers, and 2 videos. The description states: 'This channel showcases Property Tycoon, a digital board game developed by Group 5 for the Year 2 G6046: Software Engineering module at UOS (Jan-Apr 2025). The game was built using Python and the Pygame library. Watch our videos to see demonstrations of the gameplay and features implemented for our assignment.' A link to the GitHub repository is provided: github.com/Minosaji/Software-Engineering-Project. Below the description are buttons for 'Customise channel' and 'Manage videos'. The 'Past live streams' section shows two recent streams: 'Property Tycoon Bankruptcy Ending Gameplay Live...' and 'Property Tycoon 3h AI Gameplay Live 28/03/2025'.

This screenshot shows a detailed view of the YouTube channel page for 'UOS-Software Engineering Group5 2025'. The 'Description' section repeats the text from the main screenshot. The 'Links' section includes a GitHub icon and the link github.com/Minosaji/Software-Engineering-Project. The 'More info' section provides additional details: the channel's website (www.youtube.com/@UOS-G6046-Group5), the join date (21 Mar 2025), the number of subscribers (2), the number of videos (2), and the total views (57).
